are_via&utm_content=profile&utm_med
ium=android_app in social   H

Reasoning

I'll update your LinkedIn address in the personalInfo
section to use the full URL you provided. This will
display your complete LinkedIn profile link in the
Social section of your CV.

update LinkedIn address
Version 7

I've updated your LinkedIn address in the Social
section to display the full URL you provided:
"https://www.linkedin.com/in/henok-gebretsadik-
3a1254287?
utm_source=share&utm_campaign=share_via&utm_co
ntent=profile&utm_medium=android_app".

Your CV now shows your complete LinkedIn profile
link, making it easy for employers to find and connect
with you on LinkedIn directly.

am done can you save it in pdf format   H

Reasoning

I'll explain how to save your CV as a PDF since I
cannot directly generate PDF files in this
environment. Your CV is ready and looks great for
PDF conversion using your browser's built-in
functionality.

Save CV as PDF
Version 8   ●

Your CV is complete and ready for PDF conversion!
While I cannot directly create PDF files, you can
easily save your CV as a PDF using your browser's
"Print to PDF" function (Ctrl+P → Save as PDF). Your
customized CV with your Data Analyst/Junior
Programmer profile, contact information, skills,
experience, and education is perfectly formatted for
professional use.

Next steps you might consider:
• Save multiple versions for different job applications
• Create variations highlighting specific skills for
different roles
• Consider adding a portfolio section if you have
project examples to showcase
